

# The Women's College Biographical Register Project

# Biographical Register Volume 3

With the completion of Volume 3 of the *Biographical Register* in 2007, the Women's College looks back over seventy seven years of history: the men and women who made the College a reality in the least auspicious of times; the Principals and staff who chartered its direction; and the students who developed its institutions and traditions, enlived its corridors and made it their home. Volume 1 began quietly with the opening of College in 1892 with four students in a rented house in Glebe. Volume 3 ends in 1968 after almost thirteen years of continuous building construction when the College attained its present size.

Like its predecessors, this volume of the *Biographical Register* provides a record of the students, academic staff and councillors of the College using sources in the College archives and biographical information provided by former students and staff in the form of a personal questionnaire.

## ORDER FORM FOR BIOGRAPHICAL REGISTER

Please complete and return to Eliza Newton - Community Relations Officer

c/o The Women's College  
University of Sydney
