TOGETHER
Campaign

The Together Campaign was officially launched by its patron, The Honourable Dame Quentin Bryce AD CVO, on 7 April 2016. The target of the campaign is to raise \$5 million over five years for the Langley Precinct Project, the College's largest building project in forty years. As of 1st July 2018, the campaign has raised a total of **\$2,396,905.61**. This College exists and thrives because generations of supporters have invested in its success; the first building, every renovation and every major development has been the result of alumnae and friends joining together. The College is at a point in history where women have increased financial freedom and are attaining more significant professional leadership roles than ever before—as a result, female-led philanthropy is taking centre stage. With your support, this project will be a resounding success reflective of the social investment by alumnae and friends of The Women's College.

This project is about funding a home – their home away from home – where they find both solace and support. The Honourable
Dame Quentin Bryce AD CVO

Together, help us reach our fundraising goal.

TOGETHER CAMPAIGN
AERE PERENNIUS

The *Aere Perennius*¹ plaques are displayed in the foyer of the Sibyl Centre. The bronze plaques acknowledge donors who have made a significant contribution to the College. The plaque profiles a quotation that resonates with the donor and offers words of support and inspiration to the students and community members who visit the Centre. Single donations and pledges of \$25,000 or more will be recognised through the *Aere Perennius* program.

The plaques follow the style of the examples shown below. They are approximately A4 sized and weigh just over two kilograms. Plaques can be dedicated by a single donor, by a family or a group of friends.
